

SHANTUNG CASE
TO BE SETTLED
SOON IS BELIEFExchange of Views By
China and Japan Clarifies
Matter.Early Settlement By the
Arms Conference Ex-
pected by Delegates.

Washington, Jan. 14.—An exchange of views between Chinese and Japanese arms conference delegates and their respective governments at Peking and Tokyo was believed today to have considerably strengthened the chances of an early settlement of the Shantung question including the railroad issue which has so far blocked the success of the direct conversation. Indications were apparent before the assembling of the delegates of the two nations in the single meeting on today's conference program, that the good offices of Arthur J. Balfour of the British delegation and Secretary Hughes of the American delegation were having their effect in making both sides less intransigent in their attitude as to the conditions of the restoration of the Tsing Tao Tsinanfu railroad.

The subject for discussion at the meeting today was the actual restoration of the Kiaochow lease hold to China, the delegates having decided yesterday that leased territory would be opened up and having agreed that the views of the foreign residents in the leased territory would be taken into consideration on all matters touching the administration of the territory. This arrangement may result in giving some voice to the Japanese residents in the administration of the port and city of Tang Tao. There was a possibility also that the delegates might take up again the railroad question upon which it is believed new suggestions have emanated from Tokyo and Peking.

Japanese spokesmen today said they had no confirmation of the reports that the Japanese cabinet had taken action involving concessions that made the settlement of the railroad question more difficult. They said, however, that new formulas might be discussed which would lead to a solution of the difficult railroad subject.

FISHERMAN'S LICENSE
STIRS UP ARGUMENT

Columbus, Jan. 14.—A proposal for an Anglers license in Ohio yesterday kicked up a row at the opening session of the annual meeting of the League of Ohio Sportsmen. The subject was introduced by Harry Hamm of Youngstown, who introduced the subject, and Tiffin Gilmore of the fish and game department.

Hamm blamed Gilmore for defeat of angler's license bill, before the legislature last winter. The debate ended when the chairman rapped for order. When Hamm endeavored to order, the debate was moved to the floor.

The sportsmen today declared their opposition to trout line fishing in inland waters of Ohio and recommended the enactment of such legislation.

POINCARÉ GIVES
VIEWS TO PRESS

Former French President. Asked to Form New Cabinet, Opposes Asking Russians to Genoa Parley.

Paris, Jan. 14.—Raymond Poincaré, selected by President Millerand to form the new French cabinet, gives his views on the Cannes conference in today's Revue Des Deux Mondes.

While not an absolute opponent of commercial negotiations with Russia, M. Poincaré does not approve of giving them the "solemn consent" of a conference to which the chiefs of all European governments are summoned, those of Russia and Germany in the front ranks. He continued: "It is a decision which is not a decision. The covenant of the League of Nations, however defective, expressed at least some precise ideas and in fact, despite the regrettable defection of the United States, that institution has not failed to render service. But with the Genoa conference we plunge into the unknown."

With regard to reparations he wrote: "It is much more important for us to receive tomorrow two or three hundred millions more, than to assure for ourselves tomorrow and later maintaining the right to enforce its payment."

M. Poincaré favors the Franco-British pact, but on terms of absolute equality. "Before contracting such a treaty, otherwise most desirable," he says, "it would be well to proceed as in 1904 to the general liquidation of the difficulties outstanding in the French-English alliance. It is undeniable that the voice of France be able to speak as freely as that of England" (Anglo-French agreement disposing of outstanding questions between the two countries, notably with regard to their rights in New Foundland, Egypt and Morocco, was signed April 8, 1904).

LELAND CATT
SHOT TO DEATH
NEAR HAMILTONColumbus Police Claim
To Have Confession
From Companions.Say He Was Shot By
Driver of Another
Automobile.

Columbus, Jan. 14.—Leland Carl Catt of Newark, whose body with a bullet through the heart was found on the Reynoldsburg-New Albany road here yesterday was killed while attempting to "hold up" a load of whiskey. The driver of the car was shot dead by a police officer today said.

Knowledge of how Catt met his death was obtained, police said, from J. J. "Boss" Richardson and Nathan Levi, both of this city who were with him.

The two men and their dead pal had gone to Hamilton for a load of whiskey, according to story of the two who were unable to get it. They saw a motor machine, with five cases of liquor, leave for Columbus, and saw a mile out of Hamilton, Catt jumped on the running board of the other machine and immediately was shot. The driver was dead. Richardson and Levi said when they returned to the spot.

The men denied all suggestions that they were responsible for the murder in any way. The machine they attempted to hold up, they said, carried an Indiana license. Sheriff Holycross of Franklin county, accompanied by Richardson and Levi, for Hamilton today make an investigation of the story told by the two men.

Sheriff Holycross also is trying to run down a story told by the men that the trip was planned by a fourth whose name they told the sheriff was either Marshall or Morgan. They don't know where the fourth man is, they said.

The body of the young man who was found in the Reynoldsburg New Albany pike at 9:30 yesterday morning was identified yesterday afternoon in Columbus as that of Leland Carl Catt of Newark. Richardson and Levi, who were with him, were identified as that of J. R. Richardson of Los Angeles, California, as a chauffeur, and Levi as a driver, giving that name, was found on the body.

The body was identified by Charles Wilson of Columbus and by a Miss Nichols of 346 Water street, Columbus, who Catt lived. Richardson was located by Sheriff Holycross of Franklin county yesterday. Questioning revealed the fact that Catt was with Richardson most of Thursday afternoon in the Gunther saloon at Seventh and Main streets and that he was last seen alive Thursday at 4 o'clock.

At 4 o'clock Richardson said they got into his auto and drove to Springfield and high street where Catt got out of the car, saying he was going to Newark. Richardson says he turned around to find Catt missing. He later located Catt at 7 o'clock in the morning. Chief of Police Sheridan went to investigate the case. Nothing new was uncovered in the affair however.

The circumstances surrounding the death of Catt, who was well known here and who served during the war with Eastern B of the 12th field artillery, are peculiar and further efforts to sift the matter to the bottom are being made today.

There was no sign of any struggle where Catt was found and the bullet as on his face, as though to have been caused from his fall to the ground. The authorities are proceeding on the theory that he had been shot and killed elsewhere and that his body was brought to the Reynoldsburg pike and thrown out. Catt was shot twice examination showed. One bullet struck the chauffeur's badge and the other pierced the heart causing instant death.

Mr. and Mrs. Catt were unable to state what their son was doing in Columbus. They said that he had been there for the past two months and that he was home 10 or 12 times when they last saw him. Previous to the war he had been a telegraph operator.

They entered pleas of not guilty, waiving examination and were bound over to the federal grand jury on \$1000 bond each. Bonds were furnished through their attorney F. S. Scott who arranged for the bondsmen to go to Zanesville with the arrested men yesterday afternoon.

An affidavit was filed against F. D. Keeley, Justin J. Keeley and F. L. Miller, by Revenue Agent Dyer, charging them with the same offense. "Attention has been directed in the past to the moonshiner while still makers have been almost entirely overlooked. As fast as a still was confiscated would turn out another at a high price because of the small chances they were taking. Now we have opened our guns on the still maker—they are as good as under the law as the moonshiner. Times range to \$1000," he declared.

REPARATION AGAIN IS
UPSET BY BRIAND

Berlin, Jan. 14.—News of the British ministry's readiness to readopt official quarters from Paris at the close of Thursday's cabinet session. Cabinet members declined to discuss eventually likely to result from the altered situation, but officers of opinion in the belief that the reparations issue for the moment has again been thrown into confusion.

Official speculation appeared to center around the predicament in which Lloyd George was suddenly placed through "the loss of his dancing partner" which Briand has been designated since the Cannes pourparlers were opened.

The German press in general anticipates an unpleasant period for Germany from the expected Poincaré regime. It sees in M. Briand's statement a declaration of intent to alter the situation, but he is the English. Some of the newspapers profess satisfaction over the advent of Poincaré, expressing belief that the absurdity of the French policy would practically be demonstrated in short time.

Sharp, Columbus, past president of the Ohio Federation and this state's director of the General Federation, who attended a general board meeting in Chicago January 3-4 and 5, reports that one of the important matters disposed of was the decision to purchase a General Federation club home in Washington. This home is located on N street, northwest.

Another very interesting topic at the general board meeting, Mrs. Sharp says, was the Chautauqua biennial and the general discussion of plans for it.

Many of the many things taken up were the candidacy of Miss Lucille Atcherson, Columbus, for a position in the United States diplomatic service. She was endorsed by the executive committee of the General Federation through the efforts of

Father John's Medicine is "One of the Best Tonics A Child Can Take"
"I think Father John's Medicine is one of the best tonics a child can take. My seven year old, has been greatly benefited by its use. He used to be subject to throat trouble, but now his throat seldom bothers him. It builds one up when one has a cold and I believe that is why he is so well and healthy. He was pale, but now has a good color. I cannot say too much in praise of Father John's Medicine." Signed, Mrs. H. W. Haves, 44 Norton Street, Lynn, Mass.

B. & O. REQUESTS MORE HOMES IN NEWARK?

Some plausibility seems to attach to the rumor that the Baltimore & Ohio Railroad is contemplating locating new shops here.

Charles Taylor, East Main street grocer, stated today that he had been approached about two weeks ago by men who stated they represented the Baltimore & Ohio railroad and were trying to interest local people in building more houses in East Newark.

He stated that the company had considered Cincinnati for shop locations, but that crowded living conditions there had inclined them to favor Newark.

WEST VIRGINIA SCOUTS GET DEGREES HERE

MRS. G. W. CORDRAY DIES SUDDENLY FRIDAY

Death came suddenly Friday evening to Mrs. G. W. Cordray, wife of G. W. Cordray, at her home, 15 West Main street. Apparently coming from a room of acute indigestion, which she was seized Tuesday night, she felt so well Friday afternoon that she left her room and came down stairs. The exertion was too much for her weak heart and she became very ill, but apparently responded to the treatment administered by her doctor. She suffered a stroke at about 8 o'clock, however, and death came suddenly.

Mrs. Cordray was the daughter of the late Gilson Phelps. She was born in Granville, Ohio, and lived in Newark most of her life. She was an active and faithful member of the First Baptist church, of the Silent Circle, The Ladies' Aid Society, and the Epworth League. She is survived by her husband, a sister, Mrs. J. M. Morton, 142 West Main street, and a brother, Charles B. Phelps of Lakewood, Ky., and a grand daughter, Miss Helen Davis of Franklin, Tenn.

Funeral services will be held at 10 o'clock Monday morning at 19 Cedar Hill cemetery.

Is Prompted To Make This Statement

"I suffered a number of years with kidney trouble, sciatic rheumatism and constipation," said W. S. King, residing at 802 E. 4th St., Pueblo, Colo. "I tried numerous remedies," he continued, "with little or no benefit, until I was advised to try Merck's Number 40 and found that I was benefited from the start and after taking six bottles received such wonderful and satisfactory results that I am prompted to make this statement."

"Number 40" is recommended for blood troubles from any cause; chronic constipation, rheumatism, eczema, stomach and skin troubles, etc. Acts on the liver, removing waste matter from the system, thereby cleansing the blood of all impurities and doing away with the need of cathartic pills and tablets.

Sold at "Erman's Arcade Drug Store."
